Progress Reports

Staff are able to track and monitor their students' progress and provide support

The **Thinking Skills Platform** provides a series of online courses, packed with tools and strategies for motivation, resilience, studying and revision. Your students will learn how to:

- + Adopt a growth mindset
- + Learn independently
- + Take control of learning
- + Manage time
- + Revise effectively
- + Prepare for exams
- + Build confidence
- + Relieve stress
- + Enhance mental wellbeing
- + Plan educational journeys
- + Consider career paths

The **Thinking Skills Platform** is the ultimate school resource for raising student confidence and attainment.

THE COURSES

The online courses have been categorised into two themes, or 'skillsets'.

Skillset 1: Study and Revision

Having the knowledge and confidence in how to study and revise effectively can make a world of difference to a student.

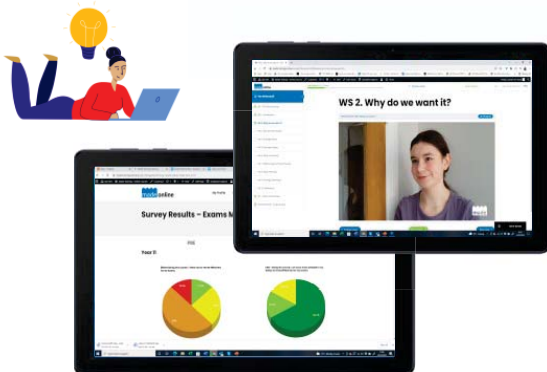

- Mind Mapping
- Independent Learning
- Exams MADE Easy
- Advanced Note Taking
- The Write Stuff

Skillset 2: Motivation and Resilience

These courses ensure students are equipped with the confidence and mindsets to aim high, deal with setbacks and strive for excellence.

- Growth Mindset
- Building Resilience
- Marginal Gains
- Goals and Aspirations
- Mastering Your Motivation
